

Close deals while on the phone...

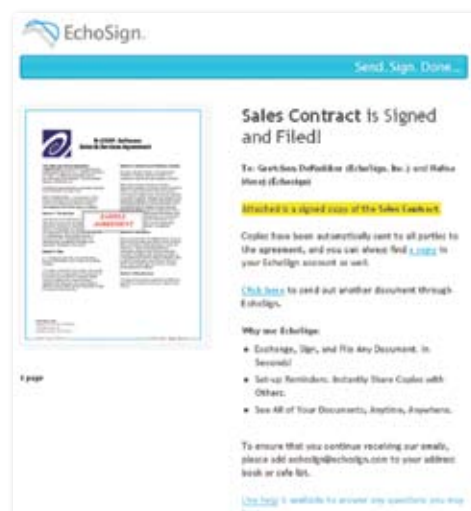

...with legally binding e-signatures.

How many more deals a day could your sales team close if they could...

- Get a signature from a customer while still on the phone?
- Have signed contracts delivered right to their inbox (*no more waiting by the fax!*)?
- Track every contract's status in real time?

Close more. Chase paper less – with EchoSign.

- **No training.** It's as easy to use as email
- **No delay.** There's nothing to download or install
- **No risk.** It's pay as you go with no long-term contract

“ EchoSign helps me reduce paperwork and finalize transactions in real time. EchoSign also gives me full visibility into my team's progress through account sharing. ”
— Christina Carman, CEO, The Lead People!
